Principal Subject Headings

Bills and resolutions are indexed under the principal subject headings listed below. Cross references to related headings are provided under the principal headings. Additional cross references to narrower headings are included throughout the Subject Index. The names of States, the District of Columbia, and major executive departments are also included as principal terms.

Legislation which appropriates funds or authorizes appropriations for agencies or programs will be found under the subject heading "Public Finance and Budgets."

Measures are subject indexed only as introduced and not according to revisions made during the legislative process. All measures which have received legislative action and therefore appear in either the "Other Measures Receiving Action" section or the "Public Law" section of the *Digest* are denoted by an asterisk.
